12. **Account Name:** Used to distinguish the account in your device

**Your name:** Name shown on outgoing emails

The screenshot shows the 'EDIT NAMES' screen for an email account on an iPhone. At the top, there is a status bar with various icons including a minus sign, cellular signal, Wi-Fi, and battery level at 25%. Below the status bar, the title 'EDIT NAMES' is displayed in bold. A message states: 'Your account has been set up. You can now change your account name and your name for outgoing email.' There are two input fields: 'Account name (optional)' and 'Email Account'. Below these, there is a section for 'Your name (for outgoing email)' with the text 'Your Name' entered and a red cursor at the end. A red underline is visible under the 'Your Name' text.
